

# Serving: Living Your Faith

## Getting Back To The Basics Series - Part Four

John 13:1-20

### #1 - Serving: An Object Lesson, vs. 5-11

### #2 - Serving: The Object Lesson Explained, vs. 12-17

Jesus is trying to teach His disciples the importance of serving one another. Jesus states that the servant is not above his master. If Jesus, our Teacher and Lord served others, then we too should serve others.

### #3 - Serving: Living Your Faith

What Jesus taught His disciples that day was the importance of living out, or practicing in their day-to-day lives their faith. That is the basis of serving. When I serve you, I am living out my faith/practicing my faith.

We are told that we serve God through giving our time, our talents and our treasures. When I give my time, I am serving God. When I apply my talents to His service, I am serving God. When I give of the treasures He has given to me, I am serving God.
